

What I should already know:

- The names and locations of the seven continents.
- The names and locations of the five oceans.
- The names and locations of the four countries in the United Kingdom.
- The four capital cities in the United Kingdom.
- Use basic geographical vocabulary to refer to: key physical features, including:
 - beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather.
- key human features, including:
 - city, town, village, factory, farm, house, office, port, harbour and shop.

By the end of this unit, I will know how to:

- Locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities.
- Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time.
- Use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies.

YEAR 4: Locational Knowledge & Geographical Skills – Focus on navigation.
