YR4 TRIP

Yr4 had a great time on their trip to Port Sunlight River Park this week.

To link with their Geography topic they were looking at different habitats and the creatures that live in them.

13TH FEBRUARY @ 9:30AM

Every Monday

1:30pm - 3pm

@ St Peter's Primary School

It's Free!

TEAM WORK

With Yr4 on their trip, Yr3 had their first chance to work with Paddy from Military Schools. They had lots of fun on their team building skills and different ways to communicate.

ST PETER'S POST

Congratulations!

For the first week of our 'Be Happy' value our certificate winners have earned their reward for always having a smile on their face and sharing joy around the whole of St Peter's.

We've also had our first winners of the Playground Award Certificates for the children our lunchtime staff have spotted showing exemplary behaviour!

YR5 SCIENCE

Yr5 were busy using different materials in Science this week. They were testing whether each one was a conductor of electricity by adding the material into part of a circuit they had built.

PE DAYS

Monday	F1
Wednesday	Preschool, Yr6
Thursday	F2, Yr1, Yr2, Yr3
Friday	Yr4, Yr5

NUMBER BONDS TO 20

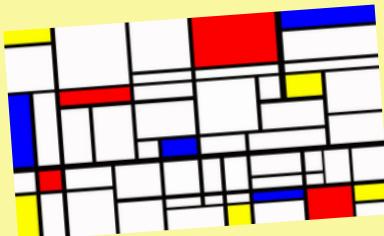

Our Maths Wiz's in Yr1 have been working on their number bonds to 20 during their Maths lessons.

ST PETER'S POST

POLLOCK

Preschool have been inspired by Jackson Pollock's work whilst they've been painting in class. Each painted a section to create a brilliant finished piece.

Edsential CATERING

Each week a class with over 94% attendance will roll the dice and move along the Attendopoly Board for a chance to win rewards. If they land on a Chance or Community Chest card they can pick a card with more options for fun incentives.

This week we had lots of classes that got the chance to roll the dice with over 94% attendance. Although no one landed on a prize space, Yr4 have nearly made it around the whole board

20 APPS PARENTS & CARERS NEED TO KNOW

www.SocialWorkersToolbox.com

 Snapchat	 Roblox	 Kik Messenger	 Fortnite
Messages and photos disappear. Children can be pressured to send images because they believe they will not be saved. Location sharing can show where a child is in real time.	Although it looks like a children's game, it includes chat features. Children can be contacted by strangers and slowly groomed through friendly game play.	Accounts can be anonymous. It is often used to move conversations away from apps parents may check.	Voice chat allows children to talk to strangers during games. Language and behaviour are often inappropriate.
 TikTok	 Telegram	 Hoop	 Reddit
Children can see adult content, receive sexual comments, and be contacted by strangers. Live videos allow real-time interaction, which can quickly become unsafe.	Messages and groups are encrypted, making them difficult to monitor. It is used to share sexual images, harmful material, and to keep conversations hidden from adults.	The app connects directly to Snapchat and encourages children to add new contacts quickly, including people they have never met.	Children can easily access sexual, violent, or extreme material through posts and comments.
 Instagram	 OmeTV	 LiveMe	 BeReal
Messages allow strangers to contact children directly. Many children run secondary accounts that parents do not know about. There is strong pressure around appearance and popularity.	Random video chats with strangers. No effective safeguarding. Sexual content and adult behaviour are common. Children have no control over who appears on screen.	Children can broadcast themselves live to anyone watching. Viewers can comment in real time, including adults.	The app prompts children to take photos instantly, which can lead to oversharing without thinking about safety.
 WhatsApp	 Yubo	 Calculator+	 Twitch
Private chats and group chats are often used for school or friendship groups, but bullying, exclusion, and sharing of images can happen quickly and spread widely.	The app is designed to meet new people. Children can live stream and chat with strangers, which can quickly become sexual or exploitative.	These apps look like calculators but are used to hide photos, videos, and messages from parents and carers.	Children watch and interact with live streamers through chat, which often includes adults and unmoderated comments.
 Discord	 Monkey	 YouTube	 Bumble
Children join private chat servers linked to gaming or interests. These spaces are often unmoderated and can include adults, sexual content, or harmful language.	Children are placed into random video chats with people they do not know. They have no control over who appears on screen.	Children can be exposed to adult content through suggested videos, comments, and live streams, even when watching innocent clips.	This is a dating app. Despite age limits, some under-18s access it to talk to adults looking for relationships.
